

**Professor Andrew Samuels**

**TO THE HEALTH PROFESSIONS COUNCIL  
184 Kennington Park Road  
London SE11 4BU**

I have been approached by Derek Gale following the allegations laid against him to the Health Professions Council. In light of these allegations, he has requested that I supervise him and I have agreed to do so.

I understand that his lawyer intends to make a submission to the Health Professions Council on Monday 17 December which would involve my undertaking to supervise Mr Gale on a weekly basis and make an audit of his sessions and the notes that he keeps of them to be surrendered on demand to the HPC. This I would be willing to do. Furthermore if necessary I would be willing to write a supervisors report to the Health Professions Council and be approached by them if necessary to confirm that I am seeing Mr Gale and supervising him and stating whether or not his practice is causing me concern.
